Pellentesque nisi libero, dictum in consectetur et, tincidunt vel nulla. Etiam tristique, urna vel mollis varius, mi dolor tempus velit, sit amet dapibus tellus massa in nisi. Aliquam id ultrices dolor, eu lobortis metus. Sed rutrum, tellus sit amet lobortis ultrices, sapien neque pellentesque massa, vitae condimentum ligula sem nec quam.

2 Introduction

2.1 A Subsection Sample

Please note that the first paragraph of a section or subsection is not indented. The first paragraph that follows a table, figure, equation etc. does not need an indent, either.

Subsequent paragraphs, however, are indented.[1]

Sample Heading (Third Level) Only two levels of headings should be numbered. Lower level headings remain unnumbered; they are formatted as run-in headings.
